

boost aims to continue success in new ESF funding rounds

European Union
European Social Fund
Investing in jobs and skills

boost is eagerly awaiting the launch of the forthcoming £13m ESF funding round to help young Londoners into work, education or training, recently announced by the Mayor of London through the Greater London Authority (GLA).

This follows our bidding success in the South East, where we scored full marks for our bid in the Skills Funding Agency's last ESF round for young people not in education, employment or training, raising £1.6m. In fact, in the last five years, boost has written 12 successful ESF bids for the Skills Funding Agency, London Development Agency and London Councils on behalf of various clients.

We are now taking commissions from a limited number of new clients for the GLA bidding round. As well as producing bids, we can also support with project development and identifying partners. If you would like to find out about commissioning boost to produce your ESF funding bid, feel free to contact us for a no-obligation discussion on 01903 228092 or info@boostconsultancy.co.uk

The Mayor's announcement of the GLA funding is available at:
